

Get Ready to Empower the Next Generation of Scientists at Glycopalooza 2025!

As part of the **52nd SFG Annual Meeting**, we're excited to announce **Glycopalooza 2025**—a dynamic, trainee-focused event designed to empower the next generation of scientists through **mentoring, career exploration, and community building**.

Through **interactive sessions, networking opportunities, and informal discussions**, participants can explore diverse career paths in academia and industry—and strengthen your place in the vibrant glycobiology community.

How to participate:

When registering for the **annual meeting**, be sure to **add the "Mentoring and Glycopalooza" session**.

Highlights include:

- Build your network
- Explore diverse career paths
- Engage in real talk with mentors and peers
- Take charge of your career development

Join us in San Diego on November 9, 2025, and be part of the future of glycobiology!
